

**Inorganic Contaminants Workshop
February 28- March 2, 2010
Denver, CO USA**

Call for Papers

Deadline to Submit Abstracts: August 24, 2009

The American Water Works Association invites you to submit an abstract for the 2010 Inorganic Contaminants Workshop. This workshop attracts the industry's leading inorganic contaminant experts for an exchange of the latest research and technical information.

The technical program will be developed from abstracts covering many facets of inorganic contaminants, thereby attracting a diverse group of drinking water treatment professionals. Be a part of the drinking water industry's only workshop focusing on inorganic contaminants. Submit your abstract today!

Presentation Topics

Topics to be covered at the 2010 Inorganic Contaminants Workshop include, but are not limited to, the following:

| | |
|--|--|
| <ul style="list-style-type: none"> • Adsorptive treatment media • Ammonia, hydrogen sulfide • Analytical methods • Arsenic • Biological treatment • Chemical modeling of processes/mobility • Chloramination issues (e.g., NDMA) • Chromium • Contaminant occurrence monitoring • Desalination • Distribution system challenges • Fluoride | <ul style="list-style-type: none"> • Inorganic DBPs (e.g., bromate, chlorite) • Ion exchange • Iron and manganese • Lead and copper • Nitrification • Other metals (e.g., nickel, vanadium) • Perchlorate • Radium, radon, uranium • Regulatory update • Residuals • Simultaneous compliance issues |
|--|--|

How to Submit Your Abstract

The deadline to submit an abstract for the 2010 Inorganic Contaminants Workshop is August 24, 2009.
