### **AWWA Announces Part Two of Storage Tank Webcast Series**

(DENVER, CO) – On Wednesday, Oct. 6, 2010, the [American Water Works Association](http://www.awwa.org) (AWWA) will host part two of the “Sustainable Water Quality Management within the Storage Tank” webcast.

Building on lessons learned in part one, the “Sustainable Water Storage Tank Operation & Maintenance” webcast, this webcast will discuss sustainable strategies for the management of water quality, starting with plant storage and ending with the use of an effective water storage tank asset management program.

Webcast presenters include:

- **Peter Fiske**, Chief Executive Officer of PAX Water Technologies, Inc., San Rafael, CA,
- **Randy Moore**, Vice President Specialty Products & Technical Services, Utility Service Company, Kirkland, MO
- **Mark Johnson**, PE, Director of Metropolitan Water Operations and Maintenance, Massachusetts Water Resources Authority, Reading, Mass.

For more information on webcasts and registration details, go to [www.awwa.org/Education/webcasts](http://www.awwa.org/Education/webcasts).

###

*AWWA is the authoritative resource for knowledge, information, and advocacy to improve the quality and supply of water in North America and beyond. AWWA is the largest organization of water professionals in the world. AWWA advances public health, safety and welfare by uniting the efforts of the full spectrum of the entire water community. Through our collective strength we become better stewards of water for the greatest good of the people and the environment.*
