What is PaWARN?
PaWARN is a Water/Wastewater Agency Response Network (WARN) of “utilities helping utilities” to:
- Prepare for the next natural or human caused emergency.
- Organize response according to established requirements.
- Share personnel and other resources statewide by agreement.

Mission
The mission of the PaWARN network is to support and promote statewide emergency preparedness, disaster response, and mutual aid assistance for public and private water and wastewater utilities for natural and human caused events in the Commonwealth.

PaWARN Benefits
- No cost to participate.
- Increased planning and coordination.
- Enhances access to specialized resources.
- A single agreement provides access to all member utilities statewide.
- Expedites arrival of aid.
- Consistent with the National Incident Management System (NIMS).
