STUDENT

Membership Benefits

Water Knowledge, Resources, and Community
To Start Your Career as a Water Professional, AWWA Membership is the Solution.

Join AWWA for only $20!
Student Membership is for:
➤ A degree-seeking individual attending an accredited educational institution enrolled in the number of hours required by the institution for half-time or full-time status

The Water Sector Faces Greater Challenges than Ever Before
From finding long-term water supply availability to water treatment and distribution practices, you need to be ready to tackle these issues. AWWA Student Membership provides you with technical information to help you with your schoolwork, resources to help you achieve your career goals, and ways to help support the water profession.
➤ Jump-start your career
➤ Connect with water professionals
➤ Gain experience
➤ Stay informed
➤ Make a difference

About AWWA
Established in 1881, the American Water Works Association is the largest nonprofit, scientific and educational association dedicated to managing and treating water, the world’s most important resource. Through membership, AWWA creates products, services and information that help utilities with day-to-day operations, inform the public, improve public health, protect the environment, strengthen the economy and enhance our quality of life.
Jump-Start Your Career
Get help with your schooling by applying for one of many scholarships AWWA offers.

Find the books and resources you need for class through the AWWA Store; members get up to a 40% discount on books, research reports and more.

When you are ready to look for a job, visit AWWA’s Career Center. In the Career Center you can:

- Search new job opportunities in your area
- Post your resume so potential employers can contact you
- Access career resources

Connect With Water Professionals
Make a connection that could lead to your next job. Meet a mentor at a local event and network with water-sector leaders at conferences across North America.

Join one of over 80 AWWA Student Chapters! Your school doesn’t have one? Follow these three easy steps to get started:

1. Recruit 5 student members
2. Find a faculty or staff advisor from your college/university to support your group
3. Communicate with your local Section, the AWWA Student Program Manager, and your college/university student clubs/organization office that you are ready to get started!

Scholarships
AWWA provides over $150,000 annually in scholarship and grant funding. We recognize the importance of investing in students as the future of the water industry. AWWA supports students through more than 17 scholarships.

**ABEL WOLMAN FELLOWSHIP**
Supports promising doctoral students in the United States, Canada, and Mexico who are pursuing advanced training and research in the field of water supply and treatment.

Deadline: Mid-January

**LARSON AQUATIC RESEARCH SUPPORT (LARS) SCHOLARSHIP**
Provides support for doctoral and masters students interested in careers in the fields of corrosion control, treatment and distribution of domestic and industrial water supplies, aquatic chemistry, and/or environmental chemistry.

Awarded annually. Will provide one-time funding for two scholarships:
- $5,000 for a master’s student
- $7,000 for a doctoral student

**ADDITIONAL SCHOLARSHIPS**
Other scholarship opportunities are updated annually. Please view a full list on our website.

**SECTION SCHOLARSHIPS**
AWWA Sections award more than 100 scholarships to local students ranging from $100 to $5,000. These scholarships are in addition to the AWWA Scholarships.

Visit awwa.org/scholarships to view more and apply!
Community Engineering Corps
Help underserved communities make local improvements. Community Engineering Corps harnesses the technical expertise of volunteers to help improve local infrastructure and community quality of life in the United States. Join and get involved today! communityengineeringcorps.org

Your Local AWWA Section
Your Section is your local connection to AWWA and provides:
➤ Local events and conferences
➤ Scholarships
➤ Networking opportunities in your community
➤ Region-specific news and information
➤ Ways to directly impact local water issues

Gain Experience
Enhance your technical knowledge with advanced courses and online resources on issues not always covered in your classes. Members receive up to a 40% discount on resources! You can also share your knowledge by submitting a poster at a conference or contributing to a magazine article or research report.

Stay Informed
You can find the latest news and research reports at awwa.org. Check out Journal AWWA, AWWA Water Science and Opflow articles to help you with school projects. You will also get updates on new resources through AWWA Connections, a bi-weekly newsletter that features community news, colleague profiles, career tips and more.

Make a Difference
Share your passion about water with others. From participating in a Community Engineering Corps project to joining your local Section’s Young Professional Committee, AWWA has the right volunteer opportunity for you. There are over 160 volunteer committees to join.

I said to myself while I was at the conference, ‘these are my kind of people.’ There’s something about people that work in the water industry.”

“I joined AWWA as a student member in 2004. Since then, AWWA has been a valuable technical and professional resource. I have been an active volunteer with the Rocky Mountain Section, and the experience I gained while volunteering has helped me broaden my network and make the transition from Young Professional to more Experienced Professional.”
