For Your Day-to-Day Challenges as a Water Professional, AWWA Membership is the Solution.

Water Professionals Face Greater Challenges Than Ever Before
From finding ways to fund infrastructure improvements to water treatment, quality and distribution best practices, AWWA Operations/Administrative Membership provides you with the technical know-how to face your daily challenges, maintain your licensure, and protect public health.

➤ Be prepared for what’s next in the water sector
➤ Earn and maintain your licensure
➤ Connect with other water professionals to share solutions to common problems
➤ Make a difference

About AWWA
Established in 1881, the American Water Works Association is the largest nonprofit, scientific and educational association dedicated to managing and treating water, the world’s most important resource. Through membership, AWWA creates products, services, and information that help utilities with day-to-day operations, inform the public, improve public health, protect the environment, strengthen the economy and enhance our quality of life.

Join AWWA
Operations/Administrative Membership is for:
➤ Any operations and administrative staff below the supervisory level at a utility with more than 1,000 service connections.
➤ Any staff member at a utility with fewer than 1,000 service connections.

Be Prepared
Even the most experienced operator must stay up-to-date on developments in the water sector. You will receive a subscription to Opflow Magazine. This monthly magazine will:
➤ Keep you informed on best practices in the water sector
➤ Provide hands-on guidance to improve utility operations
➤ Offer in-depth articles on important topics such as water treatment, quality and distribution
➤ Test your knowledge with quizzes featuring questions found on certification exams

Find the latest news and research reports, like the State of the Water Industry report, at awwa.org and through AWWA Connections, a bi-weekly newsletter that features community news, colleague profiles, career tips and more.

Earn and Maintain Licensure
Staying sharp requires continued learning. Earn Continuing Education Credits (CEUs) you need to maintain your license. AWWA offers a variety of ways to earn CEUs:
➤ In-person workshops and conferences
➤ Training guides
➤ Webinars
➤ eLearning Courses

As a member, you will save up to 30% on continuing education and training materials and be able to earn CEUs in a way that fits your busy schedule.
Connect With Water Professionals
Talk with your peers at local events and meet water-sector leaders at conferences across North America. Take advantage of the opportunities to share best practices and learn what others have done when they have confronted a crisis. Make a connection that could lead to your next job.

Your Local AWWA Section
AWWA Membership includes membership in your local Section and provides access to:
- Local events and CEU opportunities
- Region-specific news and information
- Ways to directly impact local water issues
- Networking opportunities in your community

The One AWWA Operator Scholarship is a partnership between AWWA’s Water Equation (WE) and AWWA Sections. The scholarship provides funding for books, tuition, training, continuing education, and certification to operators at water and wastewater treatment plants. Since its inception, over $75,000 has been awarded to water and wastewater operators. Together, we are funding the future of water. Check out awwa.org/Water-Equation/One-AWWA-Operator-Scholarships for opportunities!

Make a Difference
Share your passion about water with others. From participating in a Community Engineering Corps project to competing on a tapping team, AWWA has the right volunteer opportunity for you. There are over 160 volunteer committees to choose from. Help shape smart policies based on sound science. The Water Utility Council and AWWA’s Government Affairs Office work hard to make sure your voice is heard in legislative and regulatory matters. AWWA Sections gather feedback from members and reach out to local officials year round.

- Young Professionals
- Wastewater Collection/Treatment

Resources for you

Water professionals must increasingly manage water in all its stages. AWWA has the information and experts to help you effectively and efficiently manage water from source to tap to re-introduction into the environment. 
Find out about current issues, technical resources, and educational opportunities, all in one place. Subjects include:

- Asset Management
- Climate Change
- Distribution System O&M
- Groundwater
- Innovation
- Inorganic Contaminants
- Membrane Process
- Reuse
- Source Water Protection
- Wastewater
- Water Conservation
- Water Loss Control

AWWA is an organization of water professionals. Local treatment plant operators and managers, scientists, engineers, environmentalists, manufacturers, academicians, and regulators—we all hold genuine interest in maintaining an adequate water supply and preserving public health. But, when we work together in our different capacities, made easier through AWWA’s organization, we can provide world-class clean and sustainable life-giving water to the public.”

Dues rates valid through December 31, 2020. Dues are not deductible as charitable contributions for income tax purposes. Dues may be considered ordinary and necessary business deductions. The following is for USPS periods mailing requirements only. In some AWWA Sections, a portion of the Section allotment equal to 35% or more of the domestic subscription rate charged for the Section periodical will be allocated toward a subscription to that periodical. Allocation for each publication recipient authorized—Journal AWWA—$50; Opflow—$16. Members with APO/FPO addresses will receive e-periodicals only. NOTE: Members’ contact information is protected under AWWA’s Privacy Policy.
