Flanged Ductile-Iron Pipe With Ductile-Iron or Gray-Iron Threaded Flanges

Effective date: Oct. 1, 2011.
This edition approved June 12, 2011.
Approved by American National Standards Institute July 12, 2011.
AWWA Standard

This document is an American Water Works Association (AWWA) standard. It is not a specification. AWWA standards describe minimum requirements and do not contain all of the engineering and administrative information normally contained in specifications. The AWWA standards usually contain options that must be evaluated by the user of the standard. Until each optional feature is specified by the user, the product or service is not fully defined. AWWA publication of a standard does not constitute endorsement of any product or product type, nor does AWWA test, certify, or approve any product. The use of AWWA standards is entirely voluntary. This standard does not supersede or take precedence over or displace any applicable law, regulation, or codes of any governmental authority. AWWA standards are intended to represent a consensus of the water supply industry that the product described will provide satisfactory service. Until each optional feature is specified by the user, the product or service is not fully defined. AWWA publication of a standard does not constitute endorsement of any product or product type, nor does AWWA test, certify, or approve any product. The use of AWWA standards is entirely voluntary. This standard does not supersede or take precedence over or displace any applicable law, regulation, or codes of any governmental authority. AWWA standards are intended to represent a consensus of the water supply industry that the product described will provide satisfactory service.

American National Standard

An American National Standard implies a consensus of those substantially concerned with its scope and provisions. An American National Standard is intended as a guide to aid the manufacturer, the consumer, and the general public. The existence of an American National Standard does not in any respect preclude anyone, whether that person has approved the standard or not, from manufacturing, marketing, purchasing, or using products, processes, or procedures not conforming to the standard. American National Standards are subject to periodic review, and users are cautioned to obtain the latest editions. Producers of goods made in conformity with an American National Standard are encouraged to state on their own responsibility in advertising and promotional materials or on tags or labels that the goods are produced in conformity with particular American National Standards.

CAUTION NOTICE: The American National Standards Institute (ANSI) approval date on the front cover of this standard indicates completion of the ANSI approval process. This American National Standard may be revised or withdrawn at any time. ANSI procedures require that action be taken to reaffirm, revise, or withdraw this standard no later than five years from the date of publication. Purchasers of American National Standards may receive current information on all standards by calling or writing the American National Standards Institute, 25 West 43rd Street, Fourth Floor, New York, NY 10036; (212) 642-4900, or e-mailing info@ansi.org.
Committee Personnel

Subcommittee 1, Pipe, which developed this standard, had the following personnel at the time:

Maury D. Gaston, Chair

General Interest Members

M.B. Horsley, Black & Veatch, Kansas City, Mo. (AWWA)
P.I. McGrath Jr., Consultant, Birmingham, Ala. (AWWA)
E.W. Misichko, Underwriters Laboratories, Northbrook, Ill. (UL)
J.R. Plattemsier, HDR Engineering Inc., Denver, Colo. (AWWA)
E.S. Ralph,* Standards Engineer Liaison, AWWA, Denver, Colo. (AWWA)
P.A. Selig, Vestavia Hills, Ala. (AWWA)
K.E. Wilson, Post Buckley Schuh & Jernigan Inc., Tampa, Fla. (AWWA)
L.C. Yates, McGoodwin Williams & Yates, Fayetteville, Ark. (AWWA)

Producer Members

L.R. Dunn, US Pipe & Foundry Company, Birmingham, Ala. (AWWA)
J.H. Eddings, McWane Cast Iron Pipe Company, Birmingham, Ala. (AWWA)
M.D. Gaston, American Cast Iron Pipe Company, Birmingham, Ala. (AWWA)
L.G. Horn, Ductile Iron Pipe Research Association, Birmingham, Ala. (AWWA)
R.J. Huggins, Griffin Pipe Products Company, Lynchburg, Va. (AWWA)
T.J. Muntz, Fab Pipe Inc., Rogers, Minn. (AWWA)
G. Oliver,† American Cast Iron Pipe Company, Birmingham, Ala. (AWWA)
T.B. Wright,* National Association of Pipe Fabricators, Edmond, Okla. (AWWA)

User Members

T.E. Coughran, City of La Habra, La Habra, Calif. (AWWA)
M.W. Griffin, Missouri-American Water, Saint Louis, Mo. (AWWA)

* Liaison, nonvoting
† Alternate
AWWA Standards Committee A21, Ductile-Iron Pipe and Fittings, which reviewed and approved this standard, had the following personnel at the time of approval:

John R. Plattsmier, Chair

**General Interest Members**

H.E. Holcomb, Consultant, Saint Marys, Ga. (AWWA)
M.B. Horsley, Black & Veatch, Kansas City, Mo. (AWWA)
D.H. Kroon, Corrpro Companies Inc., Houston, Texas (AWWA)
D.D. Lary,* Wright-Pierce, Topsham, Maine (AWWA)
G.E. Laverick, Underwriters Laboratories Inc., Northbrook, Ill. (UL)
P.I. McGrath Jr., Consultant, Birmingham, Ala. (AWWA)
P.J. Mourt, Hatch Mott MacDonald, Millburn, N.J. (AWWA)
J.R. Plattsmier, HDR Engineering Inc., Denver, Colo. (AWWA)
E.S. Ralph,† Standards Engineer Liaison, AWWA, Denver, Colo. (AWWA)
T.M. Stinson, Kleinfelder-SEA, Cambridge, Mass. (NEWWA)
L.C. Yates, McGoodwin Williams & Yates, Fayetteville, Ark. (AWWA)
K. Zastrow,* Underwriters Laboratories Inc., Northbrook, Ill. (UL)

**Producer Members**

L.R. Dunn, US Pipe & Foundry Company, Birmingham, Ala. (DIPRA)
J.H. Eddings, McWane Cast Iron Pipe Company, Birmingham, Ala. (AWWA)
M.D. Gaston, American Cast Iron Pipe Company, Birmingham, Ala. (AWWA)
L.G. Horn, Ductile Iron Pipe Research Association, Birmingham, Ala. (AWWA)
R. J. Huggins, Griffin Pipe Products Company, Lynchburg, Va. (DIPRA)
J.C. Jones, S&B Technical Products, Fort Worth, Texas (AWWA)
H. Kennedy Jr., Harold Kennedy & Associates, Faquay Varina, N.C. (AWWA)
T.J. Muntz, Fab Pipe Inc., Rogers, Minn. (AWWA)
G. Oliver,* American Cast Iron Pipe Company, Birmingham, Ala. (DIPRA)

* Alternate
† Liaison, nonvoting
User Members

D.T. Bradley, Oak Lodge Water District, Portland, Ore. (AWWA)
T.E. Coughran, City of La Habra, La Habra, Calif. (AWWA)
A.J. DeBoy,* Indiana American Water, Greenwood, Ind. (AWWA)
M.W. Griffin, Missouri-American Water, Saint Louis, Mo. (AWWA)
J.M. Kennedy, Tampa Bay Water, Clearwater, Fla. (AWWA)
D.D. Montgomery, City of Independence, Independence, Mo. (AWWA)
K.C. Morgan,† Standards Council Liaison, City of Phoenix Water Services Dept.,
Phoenix, Ariz. (AWWA)
C.J. Patla, Connecticut Water Service Inc., Clinton, Conn. (AWWA)
A. Shively, City of Kansas City, Kansas City, Mo. (AWWA)
R.L. Worden, COMCD, Norman, Okla. (AWWA)

* Alternate
† Liaison, nonvoting
# Contents

All AWWA standards follow the general format indicated subsequently. Some variations from this format may be found in a particular standard.

## Foreword

I. Introduction ix
I.A. Background ix
I.B. History ix
I.C. Acceptance x

II. Special Issues xi
II.A. Flange Material Properties xi
II.B. Special Service Requirements xii
II.C. Advisory Information xii

III. Use of This Standard xiii
III.A. Purchaser Options and
       Alternatives xiii
III.B. Modification of Standard xiv

IV. Major Revisions xiv

V. Comments xv

## Standard

1. General
   1.1. Scope 1
   1.2. Purpose 1
   1.3. Application 1

2. References 2

3. Definitions 2

4. Requirements
   4.1. Material 3

4.2. Pipe Barrel 4
   4.3. Flanges 5
   4.4. Fabrication 8
   4.5. Coatings and Linings 8
   4.6. Marking 9

5. Verification
   5.1. Quality Control and Inspection 9
   5.2. Inspection by Purchaser 10
   5.3. Affidavit of Compliance 10

6. Delivery 10

## Appendixes

A. Bolts and Nuts, Gaskets, and Installation 11
B. Typical Pipe and Flange Thread Construction 15
C. Wall Pipe 17

## Figures

F.1. Comparison of Flange Dimensions xiii

1. Solid Flange Details 7
2. Hollow-Back Flange Details 7

B.1. Typical Pipe and Flange Thread Construction 15

C.1. Typical Flanged Wall Pipe Installations 18
