Stainless-Steel Fittings for Waterworks Service, Sizes 1/2 In. Through 72 In. (13 mm Through 1,800 mm)

Effective date: Jan. 1, 2020.
This edition approved Oct. 28, 2019.
Approved by American National Standards Institute Nov. 1, 2019.
AWWA Standard

This document is an American Water Works Association (AWWA) standard. It is not a specification. AWWA standards describe minimum requirements and do not contain all of the engineering and administrative information normally contained in specifications. The AWWA standards usually contain options that must be evaluated by the user of the standard. Until each optional feature is specified by the user, the product or service is not fully defined. AWWA publication of a standard does not constitute endorsement of any product or product type, nor does AWWA test, certify, or approve any product. The use of AWWA standards is entirely voluntary. This standard does not supersede or take precedence over or displace any applicable law, regulation, or codes of any governmental authority. AWWA standards are intended to represent a consensus of the water industry that the product described will provide satisfactory service. When AWWA revises or withdraws this standard, an official notice of action will be placed in the Official Notice section of Journal AWWA. The action becomes effective on the first day of the month following the month of Journal AWWA publication of the official notice.

American National Standard

An American National Standard implies a consensus of those substantially concerned with its scope and provisions. An American National Standard is intended as a guide to aid the manufacturer, the consumer, and the general public. The existence of an American National Standard does not in any respect preclude anyone, whether that person has approved the standard or not, from manufacturing, marketing, purchasing, or using products, processes, or procedures not conforming to the standard. American National Standards are subject to periodic review, and users are cautioned to obtain the latest editions. Producers of goods made in conformity with an American National Standard are encouraged to state on their own responsibility in advertising and promotional materials or on tags or labels that the goods are produced in conformity with particular American National Standards.

Caution Notice: The American National Standards Institute (ANSI) approval date on the front cover of this standard indicates completion of the ANSI approval process. This American National Standard may be revised or withdrawn at any time. ANSI procedures require that action be taken to reaffirm, revise, or withdraw this standard no later than five years from the date of ANSI approval. Purchasers of American National Standards may receive current information on all standards by calling or writing the American National Standards Institute, 25 West 43rd Street, Fourth Floor, New York, NY 10036; (212) 642-4900, or e-mailing info@ansi.org.

Committee Personnel

The Steel Water Pipe Manufacturers Technical Advisory Committee Task Group (SWPMTAC) on C226, which revised this edition, had the following personnel at the time:

Brandon Dix, Chair
E. Bird, Smith-Blair, Texarkana, Ark.
S. Bradberry, Ford Meter Box Company, Pell City, Ala.
J. Grocki, Nickel Dev. Institute, Enfield, Conn.
D. Piontek, Total Piping Solutions Inc., Olean, N.Y.
M. Vanderbosch, CAB Incorporated, Oakwood, Ga.
B. Dix, Felker Brothers, Marshfield, Wis.
A. Lemke, Romac Industries, Bothell, Wash.
M. Levine, Performance Coupling, National City, Calif.
S. Morrison, Victaulic, Frisco, Tex.
E. Nunes, Krausz Industries, Ocala, Fla.
P. Ray, JCM Industries, Nash, Tex.
J. Reinheimer, Robar, Surrey, B.C.
G. Hines, Mueller Water Products, Cleveland, Tenn.

The AWWA Standards Committee on Stainless Steel Pipe, which revised and approved this standard, had the following personnel at the time of approval:

J. Warren Green, Chair
Mike Quinnett, Secretary

General Interest Members

P.L. Acker, Halff Associates Inc., Dallas, Tex.
K. Despinoy, Stanley Consultants, Chicago, Ill.
J.W. Green, Lockwood, Andrews & Newnam, Inc., Oak Brook Terrace, Ill.
J.E. Koch, HDR Engineering Inc., La Conner, Wash.
K. LeBrasse, Burns and McDonnell, Denver, Colo.
D. Mason (liaison, nonvoting), Standards Council Liaison, O & M Enterprises Inc., Holden, Mo.
D.L. McPherson (alternate), HDR Engineering Inc., Charlotte, N.C.
J. Metcalf, Dannenbaum Engineering Corp., Spring, Tex.
E.S. Ralph (liaison, nonvoting), Standards Engineer Liaison, AWWA, Denver, Colo.
T.A. Tovey, Jacobs Engineering Group, Portland, Ore.

Producer Members

R. Collins, JCM Industries, Nash, Tex.
D.A. Dechant, Dechant Infrastructure Service, Aurora, Colo.
J.M. Grocki, Advantage Resources Consulting LLC, Enfield, Conn.
B.D. Keil, Northwest Pipe Company, Draper, Utah
A. Lemke, Romac Industries Inc., Bothell, Wash.
R.D. Mielke (alternate), Northwest Pipe Company, Raleigh, N.C.
J. Reinheimer, Robar Industries Ltd., Surrey, B.C.
B. Ripley, Victaulic, Center Valley, Pa.
C.C. Sundberg (alternate), Victaulic, Issaquah, Wash.

User Members

L. Adams, USBR, Denver, Colo.
M. Garcia, Denver Water, Denver, Colo.
D.J. Martin, Ashwaubenon Water & Sewer Utility, Green Bay, Wis.
B.R. Osborne, Clark County Water Reclamation District, Las Vegas, Nev.
B. Powell, Green Bay Water Utility, Green Bay, Wis.
V. Price, City of Houston, Houston, Tex.
M. Quinnell, Saginaw-Midland Water Supply, Bay City, Mich.
R. Wagner, Dallas Water Utilities, Dallas, Tex.
Contents

All AWWA standards follow the general format indicated subsequently. Some variations from this format may be found in a particular standard.
