AWWA Standard

This document is an American Water Works Association (AWWA) standard. It is not a specification. AWWA standards describe minimum requirements and do not contain all the engineering and administrative information normally contained in specifications. The AWWA standards usually contain options that must be evaluated by the user of the standard. Until each optional feature is specified by the user, the product or service is not fully defined. AWWA publication of a standard does not constitute endorsement of any product or product type, nor does AWWA test, certify, or approve any product. The use of AWWA standards is entirely voluntary. This standard does not supersede or take precedence over or displace any applicable law, regulation, or code of any governmental authority. AWWA standards are intended to represent a consensus of the water industry that the product described will provide satisfactory service. When AWWA revises or withdraws this standard, an official notice of action will be placed in the Official Notice section of Journal AWWA. The action becomes effective on the first day of the month following the month of Journal AWWA publication of the official notice.

American National Standard

An American National Standard implies a consensus of those substantially concerned with its scope and provisions. An American National Standard is intended as a guide to aid the manufacturer, the consumer, and the general public. The existence of an American National Standard does not in any respect preclude anyone, whether that person has approved the standard or not, from manufacturing, marketing, purchasing, or using products, processes, or procedures not conforming to the standard. American National Standards are subject to periodic review, and users are cautioned to obtain the latest editions. Producers of goods made in conformity with an American National Standard are encouraged to state on their own responsibility in advertising and promotional materials or on tags or labels that the goods are produced in conformity with particular American National Standards.

**Caution Notice**: The American National Standards Institute (ANSI) approval date on the front cover of this standard indicates completion of the ANSI approval process. This American National Standard may be revised or withdrawn at any time. ANSI procedures require that action be taken to reaffirm, revise, or withdraw this standard no later than five years from the date of ANSI approval. Purchasers of American National Standards may receive current information on all standards by calling or writing the American National Standards Institute, 25 West 43rd Street, Fourth Floor, New York, NY 10036; 212.642.4900; or e-mailing info@ansi.org.
Committee Personnel

The AWWA Standards Subcommittee on Cold-Water Meters for Residential Fire Sprinkler Applications, which developed this standard, had the following personnel at the time:

Michael L. Mastic, Chair

R.A. Barillas, Badger Meter, Milwaukee, Wis.
M.C. Bowen, City of Columbus, Division of Water, Columbus, Ohio
G.H. De Jarlais, Badger Meter, Milwaukee, Wis.
W.F. Dunnill, Consolidated Utility District of Rutherford County, Murfreesboro, Tenn.
D. Faber, Faber & Associates, Columbus, Ind.
J. Hebenstreit, UL LLC, Northbrook, Ill.
A. Hendey Sr., Hendey Meter, Beaumont, Calif.
B.H. Johnson, Neptune Technology Group, Tallassee, Ala.
M. Laird, Metron-Farnier LLC, Boulder, Colo.
M.L. Mastic, MARS Company, Ocala, Fla.
J.A. McCraven, Mueller Systems, Cleveland, N.C.
J.A. Reiss, Elster AMCO Water LLC, Ocala, Fla.
J.R. Scarborough III, Neptune Technology Group, Tallassee, Ala.
M.J. Scarpelli, Itron, Liberty Lake, Wash.
S.H. Seehoffer, Master Meter Inc., Mansfield, Tex.
M. Shamley, Metron-Farnier LLC, Boulder, Colo.
T. Smith, Sensus, Morrisville, N.C.
S.M. Stevanus, California Water Service, Torrance, Calif.
S.M. Swanson, Sensus, Uniontown, Pa.
M.A. Thomas, Mueller Systems, Cleveland, N.C.
A.M. Watson, Elster AMCO Water LLC, Ocala, Fla.
The AWWA Standards Committee on Water Meters, which reviewed and approved this standard, had the following personnel at the time of approval:

Thomas A. Kelly Jr., Chair
Michael L. Mastic, Secretary

General Interest Members

J.E. Cray, Wright-Pierce, Andover, Mass.
A. Dabak, Texas Instruments, Dallas, Tex.
D. Faber, Faber & Associates, Columbus, Ind.
R.C. Graff, Poway, Calif.
J.G. Gunn,* Johnson Controls Inc., Victor, N.Y.
C.C. Hannah, Johnson Controls Inc., Lubbock, Tex.
A.M. Horbovetz,* M.E. Simpson Company Inc., Valparaiso, Ind.
M.C. Johnson, Utah State University, Utah Water Research Laboratory, Logan, Utah
F.S. Kurtz,† Standards Engineer Liaison, AWWA, Denver, Colo.
M.L. Mastic, MARS Company, Ocala, Fla.
R.A. Richter, National Institute of Standards and Technology, Gaithersburg, Md.
S. Thakurdesai,* Texas Instruments, Dallas, Tex.

Producer Members

F.J. Begale,* Badger Meter, Milwaukee, Wis.
T.D. Bianchi, Neptune Technology Group, Tallassee, Ala.
C. Brunson,* Neptune Technology Group, Tallassee, Ala.
D. Casper,* Mueller Systems, Cleveland, N.C.
G.H. De Jarlais, Badger Meter, Milwaukee, Wis.
D.J. Devane, Zenner USA, Leeds, Ala.
L. Gregory,* RG3 Meter Company, Longview, Tex.
A. Hendey Sr., Hendey Meter, Beaumont, Calif.
M. Laird,* Metron-Farnier LLC, Boulder, Colo.
J.A. McCraven, Mueller Systems, Cleveland, N.C.

* Alternate.
† Liaison, non-voting.
J.E. Pintok, RG3 Meter Company, Lake Mary, Fla.
J.A. Reiss,* Elster AMCO Water LLC, Ocala, Fla.
M. Shamley, Metron-Farnier LLC, Boulder, Colo.
T. Smith,* Sensus, Morrisville, N.C.
S.M. Swanson, Sensus, Uniontown, Pa.
W.J. Vetter,* Master Meter Inc., Mansfield, Tex.
A.M. Watson, Elster AMCO Water LLC, Ocala, Fla.

User Members

M.J. Aragon, Denver Water, Denver, Colo.
M.C. Bowen, City of Columbus, Division of Water, Columbus, Ohio
J. Conover Jr., City of Sacramento, Sacramento, Calif.
W.F. Dunnill, Consolidated Utility District of Rutherford County, Murfreesboro, Tenn.
G.M. Gehringer, Philadelphia Water Department, Philadelphia, Pa.
D. Griffin, City of Winnipeg Water and Waste Department, Winnipeg, Man.
P.A. Hayes, Mammoth Community Water District, Mammoth Lakes, Calif.
D.M. Hill, American Water, Voorhees, N.J.
N.D. Kaufman, Truckee Donner Public Utility District, Truckee, Calif.
A. Land, Dallas Water Utilities, Dallas, Tex.
S.U. Mills-Wright,† Standards Council Liaison, Dallas Water Utilities, Dallas, Tex.
J.A. Novak, Milwaukee Water Works, Milwaukee, Wis.
R. Sloan, Birmingham Water Works Board, Birmingham, Ala.
D. Strub, Austin Water Utility, Austin, Tex.

* Alternate.
† Liaison, non-voting.
Contents

All AWWA standards follow the general format indicated subsequently. Some variations from this format may be found in a particular standard.
