2019 SPECIAL CALL FOR ABSTRACTS

AWWA is accepting abstracts for the ACE19 Special Topic Poster Session to be held at the Annual Conference & Exposition at the Colorado Convention Center from June 9-12, 2019. Authors are encouraged to submit abstracts for poster presentations that address new approaches, practices, techniques, research and case studies on plumbing innovation and water quality.

Abstracts from the following topics are of interest to the special session planning committee:

- Commercial buildings
- Residential buildings
- In-building treatment
- Rainwater
- Greywater
- Blackwater
- Unique plumbing designs
- Energy-water relationships
- Fixtures
- Point of use (POU) / Point of entry (POE)
- Pathogens
- Aesthetics
- Consumer preferences
- Plumbing decontamination
- Water use
- Water conservation

To participate, authors must be present and will be asked to participate in a lightning round session on their poster.

SUBMIT YOUR ABSTRACT BY:
October 12, 2018, to
