INTERNATIONAL SYMPOSIUM ON POTABLE REUSE

January 22–23, 2018 | Austin, Texas

awwa.org/potablereuse

The 2018 International Symposium on Potable Reuse will bring water industry professionals from around the world to discuss the most important and challenging issues associated with both direct and indirect potable reuse. The event is designed to engage attendees as active participants in facilitated discussions to foster collaboration, the exchange of ideas, and the advancement of the global discourse.

WHO ATTENDS

- Water reuse, wastewater, and drinking water treatment professionals
- Water utility management and executives
- Local, state, and federal government agencies
- Water quality specialists
- Public affairs managers
- Scientists & Researchers
- Academics & Students
- Industry Consultants
